

**TAMBO DEL INKA**  
A LUXURY COLLECTION  
RESORT & SPA

*Valle Sagrado*

Nestled between the murmur of the Urubamba River and the stillness of the Vilcanota Mountains in the Sacred Valley of the Incas, the Luxury Collection's Tambo del Inka Hotel is where history and nature reside.

### Welcome

The Hotel design paid homage to the ancient legacy of the region, not only through harmonizing the construction with the surrounding countryside, but also by taking elements from that inheritance and using them in every one of the rooms. On the extensive hotel grounds, measuring some 118,300 m<sup>2</sup>, are a lagoon and lovely riverside gardens, guarantees of pleasant strolls that will remain forever etched in one's memory.

### Accommodations & Facilities

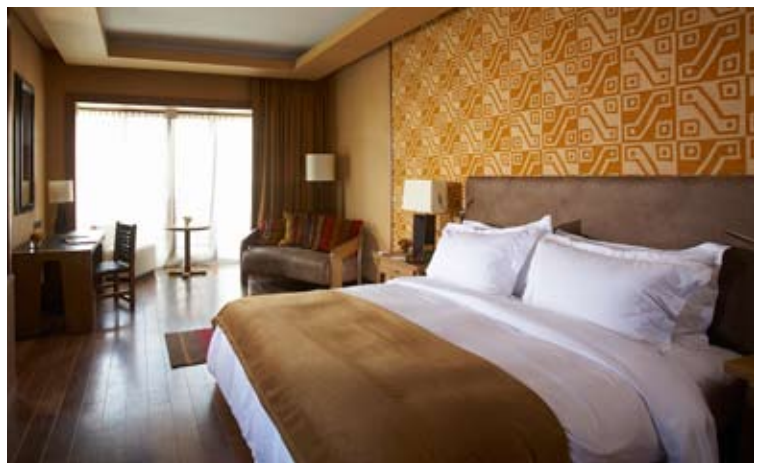

There is no need for guests to leave their rooms to marvel at the breathtaking countryside since each comes with picture windows that open up to either the snow capped mountains in the distance or the river meandering past the hotel. Or if a break from life's hectic pace is needed, then look no further than the spa; besides being the largest facility of its kind in the area, its different treatment rooms provide true relaxation and reestablish wellbeing. As well, business travelers will discover how nice work can actually be when it comes to using all state-of-the-art technology in a place that surpasses 2500 meters in elevation.

### Dining

Tambo del Inka boasts a restaurant in which one can experience culture not only through the destination but also through its epicurean options. Our highly trained chefs, adept in authentic Novo Andina cuisine, prepare every dish with organically grown ingredients purchased from neighboring farmers.
